Whether you're a parent, teacher, grandparent, or concerned citizen, attend the Kickoff to learn how you can help improve Chicago's public schools! Get a chance to meet elected officials and see whether they will champion our education reforms!

Together, we can change the odds for children.

Attend our Chapter Kickoff to connect with fellow parents and community members to share your ideas about how to improve Chicago's public schools. The more adults who stand together for children, the more lawmakers will support the programs and reforms that give kids a fair chance in life. It's that simple.
